

FORMULA RACING EVENTS

PERFECT FOR SMALL GROUPS OF 8 TO 25 DRIVERS

Go for one of Al Ain Raceway's 'Formula' karting events and your group will have exclusive use of our world class 1.6 km 'International' circuit with a proper racing format.

Our 'Formula' races are designed for groups from just 8 drivers to a maximum of 25. These individual race formats allow all of your drivers to be on the circuit at the same time, for an equal amount of time.

At registration competitors will be issued with their safety equipment before attending the Race Briefing where the Race Director will clarify the circuit rules and explain the specific format before leading all racers out to trackside for the main event.

Each driver will take part in a 10 minute Qualifying session which will determine grid positions for the main race.

After being directed to the starting grid in Qualifying order, drivers will go head-to-head in a 10 or 15 minute sprint race.

Drivers participating in either the Formula 30 or Formula 40 format will have a break before going out for their second race.

Final start positions are determined by driver's Pre-Final finish positions.

Competitors will be split into teams and allocated a race kart for the duration of the event.

Driving begins with a ten minute practice session for every driver. In this time each member of the team has an opportunity to familiarise themselves with the circuit, kart and driver change-over procedure.

Each team then determines their own race strategy with the objective to complete as many laps as possible before the chequered flag falls.

The top 3 teams receive trophies at the award presentation at the end of the race.
