CIRCUIT CONFIGURATIONS

Al Ain Raceway boasts a world-leading, fully flood-lit circuit featuring 3 distinctive configurations, each one presenting an exhilarating challenge for drivers of all abilities.

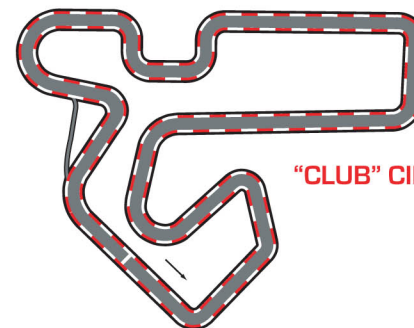

The 900 metre "Club" circuit comprises 9 corners and a "bus stop" chicane to test driver's skills to the limit.

The "Indy" circuit features 7 corners and a tight hairpin bend, making the perfect place for overtaking, to add to the excitement over the 700 metres of asphalt.

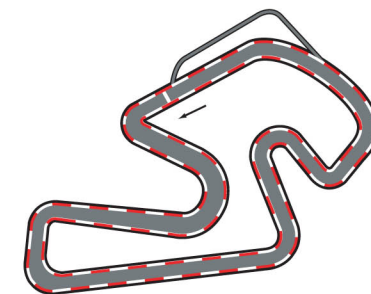

The "International" circuit, the largest of the configurations at 1600 metres, combines the best that the Indy and Club circuit have to offer with the addition of long straights allowing our race prepared karts to hit speeds in excess of 100 kph.
