

# AARKC UAE ROTAX MAX CHALLENGE

## INTRODUCTION TO THE UAE ROTAX MAX CHALLENGE :

Whether your goal is to compete at the highest level or enjoy a weekend of racing with friends, the UAE Rotax MAX Challenge is your domain. The UAE Rotax MAX Challenge (UAE RMC) is the official National Karting Championship of the United Arab Emirates organised by Al Ain Raceway Kart Club (AARKC).

The UAE RMC is a one-make engine formula: only Rotax kart engines are allowed.

## ROTAX ENGINES :

The ROTAX product range consists of the traditional chain drive engines (125 Micro MAX to 125 MAX) without gearbox and the innovative top class, chainless - direct drive engine (125 MAX DD2) with 2 speed gearbox.

## ARKS TEST AND RACE LICENCES

In order to race in a National race series you must first obtain a competition licence. The licence issuing authority in the UAE is the ATCUAE (Automobile and Touring Club United Arab Emirates) which governs and regulates all Motorsport in the country. It is to them that you must apply for your licence.

Successfully completing the compulsory ARKS Test (and obtaining a medical examination and report from a qualified doctor) will enable you to qualify for your National race licence. This Test can be booked in advance at Al Ain Raceway.

The Test involves some basic instruction from your assigned examiner but, note: you are expected to have at least some background knowledge and experience of karting, safety and Motorsport rules. If you are new to the sport it is advisable to get some time behind the wheel in Arrive and Drive sessions and Open Race events beforehand.

The test covers all aspects of kart racing and takes the form of a multiple-choice questionnaire and an on-track demonstration of your abilities. When racing, you will need your own helmet, overalls, gloves and boots to the level demanded by the Sporting Regulations for the series but for your test we can supply the basic clothing as worn by our corporate racing customers.

AED 300 - Fee for ARKS Test using own kart / AED 400 - Fee for ARKS Test using Rental kart

**125 MICRO MAX**

Perfect for kids to start with karting.
